

FASTER PROCESSING

The award-winning future
of card processing is here

Get paid faster

Most businesses face a funding delay of up to four working days before their money reaches their banks. However, with Faster Processing you can get paid in hours.

Faster Processing is free for our customers and can be used for both in-store and online payments. We offer three different funding solutions to cater for all business needs.

Individual funding

Your business will be funded after each card payment.

Hourly batch funding

Every card payment your business takes will be collected and funded on an hourly basis.

End-of-day batch funding

Every card payment your business has processed will be funded as one total sum. You will receive this at the end of your trading day. We can tailor this payment time for businesses with unusual trading hours.

**Winners of 'Payments Innovation of the Year'
at the Payment Awards.**
